KATLEGO MANYAMA

junior web developer

Highly motivated and detail-oriented Web Developer Intern with a strong foundation in front-end and back-end development. Proficient in HTML, CSS, JavaScript, Node.js, Python, and SQL, with hands-on experience in building responsive web applications, user authentication systems, and database management. Passionate about problem-solving, continuous learning, and improving technical skills to stay updated with industry trends. Currently gaining practical experience to refine my expertise, with a long-term goal of transitioning into a junior web development role.

WORK EXPERIENCE

web developer intern

Veish group   *2025*

Developed responsive web pages using HTML, CSS, and JavaScript. Collaborated with teams using Git and GitHub for version control. Designed user-friendly interfaces, ensuring smooth navigation and responsiveness. Deployed web applications on Netlify, Vercel, and Heroku for production use. Deployed web applications on Netlify, Vercel, and Heroku for production use.
Worked closely with designers, backend developers, and project managers to meet project goals. Worked closely with designers, backend developers, and project managers to meet project goals.

EDUCATION

Course

Zaio institute of technology   *2024*

Completed a Full-Stack Web Development course, gaining expertise in HTML, CSS, JavaScript, React.js, Node.js, and SQL. Built and deployed dynamic web applications, integrating frontend and backend functionalities. Learned API development, database management, authentication, and responsive design for real-world projects

I currently waiting for my certificate.
